AUTHOR INDEX

VOLUME 44, 1967

A

ADAMS, Anthony J., ALLEN, Merrill J., and STRICKLAND, Jerald: Visibility of red, green, amber and white signal lights in a highway scene 105

ALLEN, Merrill J.: Chromium headlight covers — a possible hazard 34

ALLEN, Merrill J.: Headlight ring retroreflectors 765

ALLEN, Merrill J. and CARTER, John H.: The torsion component of the near reflex—a photographic study of the non-moving eye in unilateral convergence 343

ALLEN, Merrill J. and CROSLEY, John K.: Auxiliary lighting to improve rear visibility of trucks and buses 311

ALLEN, Merrill J. and PEASE, Paul L.: Low contrast visual acuity and the effects of ambient illumination, filters and scatter 226

ALLEN, Merrill J., STRICKLAND, Jerald, and ADAMS, Anthony J.: Visibility of red, green, amber and white signal lights in a highway scene 105

ALLEN, Merrill J., and VOS, J. J.: Ocular scattered light and visual performance as a function of age 717

B

BALL, Richard J. and BARTLEY, S. Howard: The induction and reduction of color deficiency by manipulation of temporal aspects of photic input 411

BARTLEY, S. Howard, and BALL, Richard J.: The induction and reduction of color deficiency by manipulation of temporal aspects of photic input 411

BAYSHORE, Charles A.: Contact Lens and Subnormal Vision Section 253

BEDWELL, Charles H.: The design of instrumentation for the efficient investigation of the visual fields 609

BERGEVIN, Jerome and MILLODOT, Michel: Glare with ophthalmic and corneal lenses 213

BIER, Norman: Prescribing for presbyopia with contact lenses 687

BIRCHARD, Clifton H. and ELLIOTT, Theodore F.: Part 1. A re-evaluation of the ratio of optometrists to population in the United States in the light of socio-economic trends in health care, 3; Part 2, 91; Part 3, 168; errata 394

BOUCHER, James A.: Common visual direction horopters in exotropes with anomalous correspondence 547

BROCK, Frederick W.: The care of the amblyopic child—an overview 42

C

CARIFA, Ralph P. and HEBBARD, Frederick W.: Involuntary eye movements occurring during fixation: effects of changes in target contrast 73

CARTER, Darrell B., *moderator*: Symposium on conventional wisdom in optometry 731

CARTER, John H. and ALLEN, Merrill J.: The torsion component of the near reflex—a photographic study of the non-moving eye in unilateral convergence 343

CHAPMAN, W. Judd: A.O.A. statement on optometric dispensing before the Senate Judiciary Committee 263

CROSLEY, John K. and ALLEN, Merrill J.: Auxiliary lighting to improve rear visibility of trucks and buses 311

D

DAVIS, John K.: Stock lenses and custom design 776

DAVIS, John K. and RICH, James B.: Spectacle lenses for the myopic patient 424

DITMARS, Dennis L.: A comparative study of refractive errors of young myopes and their parents . 448
DOHRN, Richard H.: The spectral transmittance of the intact bovine eye for the visible spectrum . 244
DUNBAR, Melvin B.: Meeting the challenge . 65

E

EBERLY, Donald W.: Plunger lifter modified Schiotz tonometer used on the cornea: a population study . 374
ELLIOTT, Theodore F. and BIRCHARD, Clifton H.: Part 1. A re-evaluation of the ratio of optometrists to population in the United States in the light of socio-economic trends in health care. 3; Part 2. 91; Part 3. 168; errata . 394
EMMES, Arthur: The role of the optometrist in national disaster . 379

F

FEINBLOOM, William: Report of the Science Information Committee . 210
FLOM, Merton C.: Modified format for Academy meeting . 665

G

GENSLER, Herman M.: An evaluation of the Schiotz tonometer in glaucoma screening programs . 634
GOLDBERG, Joe B.: Toroidal corneal lenses prescribed for keratoplasty . 452
GRAHAM, Robert: Light transmission with various contact lenses (letter to the editor) . 468

H

HAFFNER, Alden N.: Public health and optometric public health . 336
HARRIS, Gordon, LUDLAM, William M., WITTENBERG, Sidney, and ROSENTHAL, Jesse: Photographic analysis of the ocular dioptric components, Part 3 . 276
HARRIS, Michael G. and SARVER, Morton D.: Corneal lenses and "spectacle blur" . 502
HEBBARD, Frederick W. and CARIFA, Ralph P.: Involuntary eye movements occurring during fixation: effects of changes in target contrast . 73
HILL, Richard M. and LEIGHTON, Alan J.: Respiratory profiles of the corneal epithelium-passive diffusion of oxygen through lens apertures . 365
HILL, Richard M. and LOWTHER, Gerald E.: Oxygen flux across the tear-epithelial interface as an index of corneal wound repair . 267
HIRSCH, Monroe J.: Anisometropia: a preliminary report of the Ojai longitudinal study . 581
HIRSCH, Monroe J.: Comments on a California proposal to merge medical and optometrical state boards of examiners . 821
HIRSCH, Monroe J.: Don't leave the Academy meeting too soon . 599
HIRSCH, Monroe J.: Report of activities of American Academy of Optometry . 542
HOFSTETTER, Henry W.: The evaluation of clinical performance 110
HOFSTETTER, Henry W.: The Washington 1966 meeting of the A.A.A.S. . 202
HOLBROOK, L. B.: Contact lens vari-graphing procedures . 239

J

JESSEN, George N.: A study of capillary attraction between corneal lens and cornea . 728

K

W

WALTON, William G., Jr.: Visual problems of the institutional aged 319
WARD, Brian: Some effects of short term pressure increase in the cat eye 183
WEISS, Norman J.: A new method of plotting and recording the blind spot 802
WICK, Ralph E.: Morgan — the man for the Prentice medal 597
WILLIAMS, C. Edward: The effects of contact lens thickness 591
WITTENBERG, Sidney, LUDLAM, William M., ROSENTHAL, Jesse, and HARRIS, Gordon: Photographic analysis of the ocular dioptric components, Part 3 276
WOLD, Robert M.: The spectacle amplitude of accommodation of children aged six to ten 642
WOOLF, Daniel: What are behavioral optometry and developmental optometry? 255

Y

YOUNG, Francis A.: Myopia and personality 192

Z

ZIFF, Sanford L.: Multifocal contact lenses 222

SUBJECT INDEX

VOLUME 44, 1967

A

ACCOMMODATION
amplitude in children 642
effects of electrical stimulation of oculomotor nucleus 505
from electrical stimulation 769

AGE
ocular scattered light and visual performance 717
visual problems of institutionalized 319

AMBLYOPIA
child care 42

AMERICAN ACADEMY OF OPTOMETRY
activities 542, 812
Committees 205
Contact Lens Section diplomates 339
Contact Lens and Subnormal Vision Section 253
Executive Council 205
General Program, 1967 667
Meeting, 1966 58
Meeting, 1967 ..... 526, 597, 599 667, 750, 818
Members elected 62, 338, 681
Membership directory 117
Monographs 757, 825
Pathology Section symposium 602
Post-graduate courses 524, 526
Prentice medal 597
President, 1967, Monroe J. Hirsch 2
Science Information Committee 210
Secretary's report 58, 818
Section Meetings, 1967 750

AMERICAN ASSOCIATION FOR THE ADVANCEMENT OF SCIENCE 202

AMERICAN OPTOMETRIC ASSOCIATION 65
statement on dispensing 263

ANISOMETROPIA
Ojai longitudinal study 581

APHAKIA
monocular, multifocal contact lens 222

AUTOKINESIS
heterophoria and 600

AUTOMOBILES
chromium headlight covers as hazard 34
headlight ring retroreflectors 765

AVIATION
illusions associated with acceleration 21
optical aids in 810

B

BASE CURVES OF LENSES 776

BINOCULAR VISION
anomalous correspondence in exotropes 547

BLIND SPOT
new plotting method 802
